

# Jigsaw Solutions (Pvt) Ltd.

## About Us

Established in 2017, Jigsaw Solutions has successfully filled the missing piece in the big picture of the event coordination industry in Sri Lanka. We began our journey by putting together large scale events and workshops. With strong bonds in the music industry, we took up music residencies at bars and pubs, and provided artists for public and private events around Colombo. By taking over marketing and digital promotions for these venues, we built our team of copywriters, designers and developers and have expanded our client base to multiple companies in Sri Lanka.

We handle each project we take on uniquely, tailor-made to consistently deliver on impact and value. We undertake all aspects of the project from concept to execution, whether it incorporates BTL strategies, digital promotions or curated experiences for diverse locations all over the island.

Our young and dynamic team, has more than 5 years of experience in the field, and possess the collective management of more than 100 projects under our belt. From organising press conferences, movie premiers and music festivals to planning and executing comprehensive marketing plans, Jigsaw Solutions will be there with you every step of the way.

## Our Services

Our hands-on approach provides ease of mind to all our clients and we are committed to providing you with a host of comprehensive service solutions.

### Event Management

Overall event coordination of corporate and private events, from conception to execution.

### Graphic Design
